What are our school's reasons for developing a mentoring program? 2. What organizational support exists and what needs to be developed? 3. What are our criteria for success? 4. Who needs to be involved in developing our program? 5. Who's going to manage, coordinate, and oversee the program? 6. Who else needs to be consulted? What other information do we need? 7. How will we communicate to our faculty and staff about the mentoring program? 8. How quickly do we want to roll out our program? 9. How will we pair mentors and mentees? 10. Do we have space to accommodate within our building?
